

**2018**  
YEAR OF THE  
**COREOPSIS**  
[ngb.org](http://ngb.org)

**2018 is the  
Year of the Coreopsis**

In the language of flowers, Coreopsis means “always cheerful,” and these delightful natives of the Americas live up to this designation in glorious fashion. Equally at home in naturalized prairie settings or manicured landscapes, Coreopsis provide a lovely sunny presence wherever they make their home.
