# Peperomia Tip:

The many varieties of peperomia can create an eye-catching display by mixing colors and textures

#yearofthepeperomia

# Peperomia Tip:

Allow the top 50% of the soil to dry out between watering for best results.

#yearofthepeperomia

# Peperomia Tip:

Peperomia do best in tighter spaces, rather than in too large of a container, so repotting is usually not necessary.
